Dear vendor,

I have been told by many vendors that 60% to 75% of all Wedding business is booked during the months of February & March. To take advantage of this timing, some of our vendors have suggested our FEBRUARY 27th 2011 for our Spring show at the DELTA.

Weather wise, all vendors would agree that any weekend in February or March can be either good or bad, but the last weekend in February is ideal for those customers who got engaged at Christmas and have been on the look out.

Many vendors of my shows have asked for the Rental Agreement as early as possible to get a prime spot and to be assured of a place in the show. I will be taking a few more vendors, but we plan to keep the Show small enough to allow a good customer flow.

To bring customers to our show we will start our advertising campaign early. We have our website which a few vendors told me it has paid off for them. We have most of our great sponsors plus a couple more, along with our bride gift bags and groom gift bags, the show will be giving a nice gift to every person who attends up to 1000 customers, as most Vendors want business other than just weddings.

All vendors will receive a full Listing on website newfoundlandweddingshow.com for FREE they will also receive a Free Frontpage Announce on Newfoundlandweddings.com plus we will have another staff person to allow us to give better & faster service to be put on web. Any and all comments regards to website or show please notify me by email.

Every vendor who signs rental agreement before end of October - (one) will receive a chance to win their booth for 1/2 price. Thank you everyone for reading this and considering our show as yours.

Thank you all very much. Sincerely,

Olin Clarke
